

Active Shooter Response Essentials

Interactive eLearning Course

COURSE DESCRIPTION:

Regardless of your security experience, this class will help you become more aware of risks in an Active Shooter incident and what you can do to protect yourself and your organization from them. This course will define the term Active Shooter and help define how you can predict, prevent and respond to an Active Shooter situation. You will also better understand considerations in the RUN, HIDE, FIGHT methods and how/when to use them safely and securely.

Time: 1 Hour

KEY LEARNING OBJECTIVES:

- Know the definition of an Active Shooter
- Gain better understanding of Active Shooter incidents
- Recognize potential workplace violence indicators
- Familiarize with organizational Active Shooter incident response plan
- Be able to identify the three modes of action during an active shooter incident:
 - EVACUATE/RUN, HIDE, & TAKE ACTION/FIGHT
